At Earth & Rain Wellness and Spa, we draw on the Earth's elements to create a sanctuary. A place where your sense of balance is rediscovered.

The rain's transformative powers are undeniable. Rainfall brings growth, vitality and rejuvenation. In many cultures, rain dance rituals are performed in hope of bringing rain to nourish all living things and cleanse the Earth.

Building on these principles, Earth & Rain Spa at Neptune Serengeti Luxury Tented Camp offers its clients a transformative wellness experience that washes stress away and refreshes the body, mind and soul.

Our luxurious wellness facility offers treatments using award winning skincare by Healing Earth™ globally renowned for their innovation and excellence in natural skincare.

Here you will find everything you need to soothe body and mind.

At EARTH & RAIN WELLNESS, we utilize indigenous, moisturizing natural ingredients and other native resources such as plants, flowers, salt, grains, spices, wild honey and raw sugar.

Our tempting choices of treatments are based on ancient African, Asian and European traditions designed to soothe the spirit, rejuvenate the body and enrich the mind.
